Georgia Institute of Technology

The H. Milton Stewart School of Industrial and Systems Engineering

FACULTY POSITIONS AVAILABLE
H. MILTON STEWART SCHOOL OF INDUSTRIAL & SYSTEMS ENGINEERING
GEORGIA INSTITUTE OF TECHNOLOGY

The H. Milton Stewart School of Industrial & Systems Engineering of Georgia Tech in Atlanta, Georgia invites applications for multiple faculty positions. Qualified applicants with diverse backgrounds and interests are welcome. Appointments can be made at the Assistant Professor, Associate Professor, and Professor rank, commensurate with the individual's record.

The School will consider applicants from all research areas, including
- statistics, data sciences, machine learning, analytics, and optimization;
- applied probability, stochastics, simulation, and system informatics and control;
- health systems, energy, supply chains and logistics, and advanced manufacturing.

Successful candidates will be expected to lead independent research at the cutting edge of their field, build a strong sponsored-research program, successfully mentor graduate students, and develop and teach undergraduate and graduate courses. Applicants must possess a Ph.D. in Industrial Engineering, Operations Research, Statistics, or a related field. Georgia Tech is building a culturally diverse faculty and strongly encourages applications from female and minority candidates.

Interested individuals should: (1) Fill out the "Faculty Candidate Application" page found at: https://forms.isye.gatech.edu/apply, and (2) Upload current curriculum vitae and letter of application, including a list of references. The review process will commence in September 2017.

Georgia Tech is an Affirmative Action/Equal Opportunity Employer, a Unit of the University System of Georgia.
