

NOW ACCEPTING APPLICATIONS

***Modelers and Storytellers:** Transdisciplinary Training to Advance Community Health Intervention Research*

ABOUT THE PROGRAM

The Modelers and Storytellers Transdisciplinary Training is a hands-on and interactive **two-week virtual training** from **Mon June 17 - Tues July 2, 2024** for pre-doctoral and early-career researchers interested in applying innovative approaches to real-world complex health issues.

Participants will learn how to:

- Apply data science and systems modeling tools to community-engaged research
- Engage effectively with interdisciplinary researchers and community stakeholders
- Collaborate with teams to address real-world complex community health issues

WHO IS ELIGIBLE?

1. Education requirement (must meet **ONE**)
 - Have a doctoral degree received within past 7 years
 - Be a current doctoral student
 - Be an incoming doctoral student starting Fall 2024
2. Be a U.S. citizen or permanent resident

*Students and graduates from **public health, (bio)statistics, computer science, systems engineering** or related fields are strongly encouraged to apply.

Apply **HERE!**

Priority deadline: Monday, March 11, 2024 at 11:59pm PDT
